

## **Illustrations: This Material is "Copyleft" for You to Use**

These images were professionally commissioned for use in my professional work, and especially, my PhD by Published Works at the University of Ulster, "Some Contributions of Liberation Theology to Community Empowerment in Scottish Land Reform 1991 - 2003" and my book, "Rekindling Community: Connecting People, Environment and Spirituality", Schumacher Briefing No. 15, Green Books, Totnes, 2008. Information of both and a download of the PhD can be found by pasting this link into your browser: <http://www.alastairmcintosh.com/rekindlingcommunity.htm>

I hereby authorise these images to be freely used for any life-giving purpose, with or without acknowledgement as befits the situation (though acknowledgement is usually recommended), and with freedom to modify as suits your purposes. This authorisation should be used with limitation in the slides where I have incorporated third party material - namely, the modified version of "Head Heart Hand" which contains clipart off the web, and the Spiral of Violence which contains a book image of Dom Helder Camara. I don't think there's any problem of using these - the clipart appears to be public domain and the book gets advertised, but neither are mine to say.

The Rekindling Community web link given above carries PDF versions in both colour and black and white, and a colour animated Powerpoint version.

Use, enjoy, and very best wishes,
